

WHAT IS DEKit?

DEKit is a customizable, non-skid, flooring overlay that will improve your boating experience

Our non-skid, exclusively cross-linked PE/EVA foam products offer safer and more comfortable alternatives to standard non-skid surfaces. Combined with our 3M PSA and UV Protectants your finished product will provide years of enjoyment, beauty and comfort. With an industry leading 4 year warranty...we stand behind these claims and our product.

DIGITALLY SCANNED

CAD DESIGNED

CNC PRECISION CUT

WHY CHOOSE DEKit?

DEKit foam offers a smart-looking solution for the boat owner who wants a comfortable, long lasting, and low maintenance decking option. All foams offered by DEKit are UV resistant, oil resistant, non-absorbent, and anti-slip providing you the safety, performance, and durability you and your boat deserve.
